Davanjit Sandhu

SOFTWARE DEVELOPER

Davanjit@hotmail.com

(519) 816-8130

Windsor ON, Canada

EXPERIENCE

Software Developer

[Champion Products Corp.](#) (Jan 2024 - Present)

- Created an application for warehouse workers that monitors employee activity.
- The website uses React.js on the front end and Node.js/Express.js on the back end as well as a MSSQL database and is hosted on Azure via a Docker container.

Website Development Intern

[Maxx Printing](#) (Sep 2023 – Jan 2024)

- Worked on creating the front-end of websites for clients, mainly used React.js and Bootstrap.js for the design as well as SCSS in some instances.
- Created custom login pages, navigation bars, and admin sections.

Software Developer Intern

[Gao Tek Inc.](#) (Aug 2021 – Nov 2021)

- Translated documents relating to VoIP into usable C code.
- Implemented security features to project.
