PROFESSIONAL EXPERIENCE

Software Developer
Champion Products Corp. - Windsor ON
January 2022 – Present

- Created a website for warehouse workers that tracks employee activity and relays the information to the administrators.
- Maintained company websites and added new features.
- Mainly used React.js on the frontend and Node.js with Express.js on the backend. Also used Next.js, JavaScript, TypeScript, Bootstrap.js, HTML, CSS, SCSS, Microsoft SQL Server, Docker and hosted websites on Azure.
- Used third party API's to enhance websites with features such as adding facial recognition to the employee tracking website.
- Updated backends of websites to add new and relevant data.

Software Developer Intern
Gao Tek Inc. - Remote
August 2021 – November 2021

- Worked on the protocols development team.
- Translated VoIP documents into C code.
