PROFESSIONAL EXPERIENCE

Software Developer

Champion Products Corp. - Windsor ON
January 2022 – Present

- Built an application for warehouse workers to monitor employee activity while they are working and report it to company administrators.
- Mainly used React.js on the frontend and Node.js with Express.js on the backend. Also used Next.js, JavaScript, TypeScript, Bootstrap.js, HTML, CSS, SCSS, and Microsoft SQL Server. Integrated third party APIs into websites such as tensorflow for facial recognition.
- Containerized websites via Docker and deployed them on Microsoft Azure. Implemented CI/CD pipelines using GitHub Actions and followed GitHub Flow for a fast and clean development workflow.
- Maintained and updated company websites, and tested them with automated testing tools such as Cypress to ensure proper functionality.

Software Developer Intern

Gao Tek Inc. - Remote
August 2021 – November 2021

- Worked on the protocols development team.
- Translated VoIP documents into C code.
